D. ELIGIBILITY

The State of California, Department of Justice (DOJ), on behalf of the California Gang Node Advisory Committee (CGNAC) and the CALGANG© Executive Board (CEB), is eligible to submit an application for this project.

DOJ, having been previously awarded funds authorized under the CALGANG© Database Project, upon reapplication for funds, shall submit an accounting with defining criteria to include, but not be limited to the following outlined items:

- The funds received and expended in the prior year.
- The use, to which those funds were put, including payment of salaries and expenses, purchases of equipment and supplies, and other expenditures by type.

E. FUNDS

The funding cycle for this award will be for 12 months starting on July 1, 2007 and ending June 30, 2008. OES anticipates that a total of \$300,000 will be available for this 12-month grant award.

1. Source of Funds

Funding for the CALGANG© Database Project is derived from \$300,000 of state general funds under the Gang Violence Suppression Program.

2. Allocation of Funds

SFY 07/08 is the ninth year of funding for the CALGANG© Database Project. The applicant shall submit their application, objectives, activities, budget narrative and budget sheets based upon a grant period beginning on July 1, 2007 and ending on June 30, 2008. OES reserves the right to extend the grant period if deemed appropriate.

3. Match Requirement

There is no match requirement.

F. PROGRAM INFORMATION

The purpose of this RFA is to provide funding for the statewide CALGANG© Database Project. The goal of this project includes the ability to effectively support anti-gang activities throughout the State of California. The CALGANG© Database Project, via the gang intelligence system, is intended to assist local, State, and federal law enforcement agencies. The system will maintain and provide information to assist in criminal investigations, and other related law enforcement operational needs, to successfully combat gang violence and provide for a safer and secure California.

Funds allocated for this project are intended to provide for the continued operation of a reliable and secured statewide gang intelligence system, which will assist in the identification and tracking of criminal street gangs; to ensure maintenance of connectivity to the regional nodes and local law enforcement end users; and support of regional nodes through funding, equipment and technical support.

The primary intent in providing these grant funds to the California Department of Justice to ensure the CALGANG© intelligence system is available and utilized by members of the law enforcement community to its full potential.

1. Mandated Program Requirements:

In order to qualify for the receipt of funds, the applicant shall address program elements that provide support in the maintenance and continued operation of the statewide CALGANG© intelligence database.

- a. The application shall set forth, in detail, a proposed use of the funds.
- b. The project shall be devoted to maintaining intelligence information within the statewide CALGANG© database system to assist with the investigation of gang related crimes.
- c. The CALGANG© project director, or designated employee that assists with the development and deployment of the Database, is encouraged to attend gang investigator training to better familiarize the project with the needs of investigators and prosecutors who will utilize the information contained within the database.
- d. The project will provide representatives with sufficient working knowledge and authority to attend and participate in the quarterly California Gang Node Advisory Committee meetings (CGNAC) and the CALGANG© Executive Board meetings (CEB).

2. Administrative Requirements:

- a. Recipient Handbook.

The *Recipient Handbook* contains administrative information and requirements necessary to implement the project. Recipients must administer grants in accordance with the *Recipients Handbook* requirements in effect at the time of Grant Award Agreement. Failure to comply with these requirements can result in the withholding or termination of the grant award. The most current edition of the *Recipients Handbook* can be located at <http://www.oes.ca.gov/publications/gh-main.pdf>

- b. Memorandums of Understanding and Operational Agreements.

Due to the nature of a multi-jurisdictional project, memorandums of understanding (MOUs) or operational agreements (OAs) are required. The applicant must submit current MOUs/OAs with this application. MOUs/OAs must be dated and contain the original signatures, titles and agency names, and contact information for all parties. They must demonstrate a formal system of networking and coordination with other agencies and the project. Those submitted with the application must show to be effective for the proposed grant period.

Once the applicant is in grant award agreement, the addition or deletion of an agency from the project alters the organization and activities of the project as a whole and requires a modification to the grant award agreement. The recipient must submit a Grant Award Modification Form 223, and attach the MOU/OA or documents that support the dissolution of the previously entered MOU/OA, and amended project narrative or an addendum to the project narrative. If the new agency will have operating or equipment expenses attributed to it, or if the removed agency had operating or equipment expenses attributed to it, an updated budget narrative and updated budget pages must also be submitted.

c. Progress Reports and Data Collection.

Funded projects are required to participate in data collection and to submit reports required by the program. A 90-day status report detailing the activities during the implementation period is required for any project in which this is the first year of grant funding. The 90-day status report is waived for projects that have previously received grant funding and are continuing their project. Additionally, the project will submit a six-month progress report covering the first six months, and a final progress report, which covers the entire 12-month period. Progress reports are due 30 days after the end of each reporting period.

d. Property Accountability.

At a minimum, the accountability of maintenance, loss/replacement, and transfer of equipment purchased through grant funds will follow §2350-2380 of the *Recipient Handbook*. Implementing agencies should address the disposition of equipment in MOU/OAs if equipment is purchased jointly.

e. Source Documents.

Applicants are reminded that source documentation must be maintained for 3 years from the conclusion of the grant award period.

3. Program Goals:

The applicant shall address and provide expected projections for each of the following goals established for the CALGANG© Database Project:

- a. To provide a secure gang intelligence database to assist California law enforcement with investigative and prosecutorial efforts of gang related crime cases.
- b. To provide project representatives with sufficient working knowledge and authority to attend and participate in the quarterly CGNAC and CEB meetings.

4. Source Documentation:

The applicant, when approved for funding, is required to maintain source documentation to support claimed expenditures and project accomplishments. Source documentation is defined as records used to validate project activities and achievements as they pertain to the objectives outlined in the grant award agreement. Information includes, but is not limited to the following:

- The number of gang cases entered into the CALGANG© Database during the fiscal year.
- The number of gang cases investigated as a result of information obtained from the CALGANG© Database.
- The number of arrests obtained as a result of information obtained from the CALGANG© Database.
- The number of convictions obtained as a result of information obtained from the CALGANG© Database. (Defined as a defendant(s) in one case convicted of one or more charges. If more than one defendant on one case, each defendant that is convicted will be reported.

- The amount of funds received and expended.
- The use to which those funds were put, including payment of salaries and expenses, purchase of equipment and supplies, and other expenditures by type.

Grant-related case files and an automated record tracking system should be maintained at the location where the grant activities occur.

Projects must have on file written job-specific descriptions for all positions funded by a grant (§2120 *Recipient Handbook*). These job descriptions must detail specific grant-related project activities, e.g., project staff, investigator, prosecutor, forensic computer analysis, etc. Where applicable, job descriptions will also include a statement addressing what position will be responsible for tracking project activities and maintenance of source documentation that supports data reported on progress reports.

5 Mandated Program Reports:

OES is obliged to assure that funds received in support of this program are used effectively and efficiently. In order to receive funding under this state authorized program, State and local participants who received grant funds must collect and maintain statistics to be used in the OES semi-annual progress report, and the final progress report.

Under each objective, describe the activities that will be implemented by the project and the projected results that will be achieved during the 12-month grant award period. Objectives and activities implemented for this grant award period must be comprehensive, measurable, and realistic. At a minimum, the following must be included:

Objective 1: Coordination with the California Gang Node Advisory Committee (CGNAC) and CALGANG® Executive Board (CEB).

Maintaining cooperative working partnerships in a statewide intelligence information system requires regular communications. To increase the effectiveness and utilization of the CALGANG© system, all law enforcement agencies should be trained and capable of utilizing the system.

Narrative: Describe current accessibility and end user operations of the CALGANG© system by the California law enforcement community. Provide information on all California law enforcement agencies having authority to use the CALGANG© system. Describe training available to assist with the utilization of the CALGANG© system.

Activities: (List activities in narrative or bullet format.)

Projected Goals: (List projected goal results in narrative or bullet format.)

Utilization of the CALGANG© system will be measured by the following activities:

- 2a. Provide the number of California law enforcement agencies, which are authorized to use the CALGANG© system to date.
- 2b. Provide a narrative summary of any and all outreach, training, presentations, etc. Proposed by DOJ to increase the utilization of the CALGANG© system.

Objective 3: System Use Analysis

The CALGANG© project will provide supplementary system use analysis information.

Narrative: Provide information defining and describing a transactional inquiry. Include the number of transactional inquiries to the CALGANG© system.

System use information analysis will be measured by the following activities:

- 3a. Number of transactional inquiries made to the CALGANG© system
- 3b. Percentage of change (increase or decrease) _____ of transactional inquiries between reporting periods (i.e., date of grant award to final progress report).
- 3c. Number of gang cases currently in the CALGANG© system.

Intelligence information analysis will be measured by the following activities:

- 5a. Number of individuals responsible or associated to gang crimes maintained within the CALGANG© system.
- 5b. Narrative information describing criminal cases in which, the CALGANG© system provided intelligence information, to assist in an arrest and/or conviction.

B. PROJECT BUDGET

The purpose of the project budget is to demonstrate how the applicant will implement the proposed plan with the funds available through this program. Project costs must be directly related to the objectives and activities of the project. The budget must cover the entire grant period. In the budget, include **only** those items covered by grant funds, including match funds when applicable. The applicant may supplement grant funds with funds from other sources. However, since approved line items are subject to audit, the applicant should not include in the

project budget matching funds (if applicable) in excess of the required match. Budgets are subject to OES modifications and approval.

OES requires the applicant to develop a **line item** budget which will enable the project to meet the intent and requirements of the program, ensure the successful and cost effective implementation of the project. Failure of the applicant to include required items in the budget does not eliminate responsibility to comply with those requirements during the implementation of the project. The applicant should refer to the *Recipient Handbook* at www.oes.ca.gov. Select “*Recipient Handbook, Appendices, and Forms*” for additional information concerning OES budget policy or to determine if specific proposed expenses are allowable. Contact the person listed on page 1-subsection B of this RFA should you have additional budget questions.

1. **Budget Narrative**

The applicant is required to submit a narrative with the project budget. The narrative must be typed and placed in the application in front of the budget pages. In the narrative describe:

- How the applicant’s proposed budget supports the objectives and activities.
- How funds are allocated to minimize administrative costs and support direct services.
- The duties of project-funded staff, including qualifications or education level necessary for the job assignment. This does not take the place of the brief justification required in the line item budget.
- How project-funded staff duties and time commitments support the proposed objectives and activities.
- Proposed staff commitment/percentage of time to other efforts, in addition to this project.
- The necessity for subcontracts and unusual expenditures.
- Mid-year salary range adjustments.

2. **Specific Budget Categories**

There is an Excel Workbook in *Recipient Handbook, Appendices and Forms* ([FORMS](#)) with spreadsheets for each of the following three budget categories:

- Personal Services – Employee Salaries/Benefits;
- Operating Expenses; and
- Equipment.

The left column of each budget category on the Spreadsheet requires line item detail including the calculation and justification for the expense. Enter the amount of each line item and match in the correct column of the Budget Category form. The spreadsheet will add each addition and round off the nearest whole dollar. You may add extra rows if necessary, the spreadsheets total at the end of each budget category and total the three spreadsheets at the bottom of the last page (Equipment). The total of the budget including each funding source and/or match amount must correspond to the amount of the Total Project Cost (Block 10G) on the Grant Award Face Sheet.

Each budget category requires line item detail including the method of calculation and justification for the expense. Enter the amount of each line item in the right hand column of the Budget Category form. Charges must be clearly documented **and rounded up to the nearest whole dollar**. Enter the total amount of the budget category at the bottom of the form. If additional pages are needed, total only the last page of each budget category. The total of the budget including each funding source and/ or match amount must correspond to the amount of the Total Project Cost (block 10G) on the Grant Award Face Sheet. Additionally, the totals from each funding source or match must correspond to the Grant Award Face Sheet.

The bottom of the Equipment Category form contains a format for identifying the project total and fund distribution. This section must be completed and submitted even if there are no line items identified in the equipment category.

a. Personal Services – Salaries/Employee Benefits (OES A303a):

1) Salaries

Personal services include services performed by project staff directly employed by the applicant and must be identified by position and percentage of salaries. These may be salaried or hourly, full-time or part-time positions. Sick leave, vacation, holidays, overtime, and shift differentials must be budgeted as salaries. If the applicant's personnel have accrued sick leave or vacation time prior to the approval of grant funding, they may not take time off using project funds. Salaries for staff not directly employed by the applicant must be shown as participating staff (see *Recipient Handbook*, Section 4500) the Operational Expenses Category. Consultant services remain under Operating Expenses (refer to Part II, B.2.b. - Operating Expenses - paragraph two.)

2) Benefits

Employee benefits must be identified by type and percentage of salaries. The applicant may use fixed percentages of salaries to calculate benefits. Budgeted benefits cannot exceed those already established by the applicant.

Employer contributions or expenses for social security, employee life and health insurance plans, unemployment insurance, and/or pension plans are allowable budget items. Benefits, such as uniforms or California Bar Association dues, are allowable budget items if negotiated as a part of an employee benefit package.

A line item is required for each different position/classification, but not for each individual employee. If several people will be employed full-time or part-time in the same position/classification, provide the number of full-time equivalents (e.g., three half-time clerical personnel should be itemized as 1.5 clerical positions).

b. Operating Expenses (OES A303b):

Operating expenses are defined as necessary expenditures other than personal salaries, benefits, and equipment. Such expenses may include specific items directly charged to the project, and in some cases, when permitted by the funding source, an indirect cost allowance. The expenses must be grant-related (e.g., to further the program objectives as defined in the grant award), and be encumbered during the grant period.

The following items fall within this category: consultant services such as subcontractors, participating staff who are not employed by the applicant, travel, office supplies, training materials, research forms, equipment maintenance, software equipment rental/lease, telephone, postage, printing, facility rental, vehicle maintenance, answering service fees, and other consumable items. Furniture and office equipment with an acquisition cost of less than \$5,000 per unit (including tax, installation, and freight) and/or with a useful life of less than one year fall within this category. Otherwise these call under equipment expenses.

Salaries for staff not directly employed by the applicant must be shown as consultant and/or participating staff costs (whichever is applicable per *Recipient Handbook* Sections 3710 and 4500) under the Operating Expenses category. These costs must be supported by an Operational Agreement (OA), which must be kept on file by the recipient and made available for review during an OES site visit, monitoring visit, or audit. In the case of grants being passed through a recipient to be operated by another agency, the staff from the second agency will be shown in the Operating Expenses category.

c. Equipment (OES A303c):

Equipment is defined as nonexpendable tangible personal property having **a useful life of more than one year** and an acquisition cost of \$5,000 or more per unit (including tax, installation, and freight).

A line item is required for different types of equipment, but not for each specific piece of equipment (e.g., three laser jet printers must be one line item, not three).

C. APPLICATION APPENDIX

The Application Appendix provides OES with additional information from the applicant to support components of the application. The following must be included:

- Operational Agreements: *OAs must contain original signatures, titles, and agency names for both parties and include dates effective for the proposed grant period.* This document must demonstrate a formal system of networking and coordination with other agencies and the applicant. A sample OA is provided in *Recipient Handbook, Appendices, and Forms (FORMS)*.

PART III – ADDITIONAL INFORMATION

A. FINALIZING THE GRANT AWARD AGREEMENT

1. Standard Project Funding Authority

Allocation of funds is contingent on the enactment of the State Budget. OES does not have the authority to disburse funds until the budget is passed and the Grant Award Agreement is fully executed. Expenditures incurred prior to authorization are made at the project's own risk and may be disallowed. When the executed grant is received, and the State Budget is finalized, authorized expenditure reports may be submitted for reimbursement of expenditures incurred subsequent to the effective date of the grant award agreement.

If, during the term of the grant award, the state and/or federal funds appropriated for the purposes of the grant award are reduced or eliminated by the California Legislature or the United States Government, or in the event revenues are not collected at the level appropriated, OES may immediately terminate or reduce the grant award by written notice to the recipient. However, no such termination or reduction shall apply to allowable costs already incurred by the recipient to the extent state or federal funds are available for payment of such costs.

OES Grant Award Agreements are subject to applicable restrictions, limitations, or conditions enacted by the California Legislature and/or the United States Government, subsequent to execution of the Grant Award Agreement.

2. Grant Award Conditions

OES may add one or more grant award conditions to the Grant Award Agreement prior to or after funding. If conditions are added, they will be discussed with the applicant and a copy of the conditions will be sent to the grant recipient when the conditions are made part of the Grant Award Agreement. Grant award conditions may include requirements for sole source justification, a computer feasibility study, or other requirements deemed necessary by OES.

3. Grant Award Agreements

A copy of the executed Grant Award Agreement and pertinent attachments will be sent to the Project Director. The recipient is not authorized to incur costs against the grant until a copy of the fully executed Grant Award Agreement is received. When the executed grant is received and the State Budget is finalized, the Report of Expenditures and Request for Funds (OES 201) may be submitted for reimbursement.

4. Grant Award Amounts

When the amount of funds available is limited, OES may reduce the amount of the grant award from the amount requested by the applicant. In addition, OES reserves the right to negotiate budgetary changes with the applicant prior to executing the Grant Award

Agreement. If either of these actions is required, OES will notify the applicant prior to executing the Grant Award Agreement.

B. ADMINISTRATIVE REQUIREMENTS

1. The Recipient Handbook (RH)

The *Recipient Handbook* is accessible on the OES Internet website at www.oes.ca.gov by selecting "*Recipient Handbook, Appendices and Forms*." The *Recipient Handbook* contains administrative information and requirements necessary to implement the project. Recipients must administer their grants in accordance with the *Recipient Handbook* requirements. Failure to comply with these requirements can result in the withholding or termination of the grant award.

The information below may be cross referenced with the *Recipient Handbook* (RH) by referencing the handbook section number.

2. Internet Access (RH 11500)

Funded projects are required to maintain Internet access with an established e-mail address. Grant funds may be used for this purpose unless specifically prohibited by the terms of the program.

3. Progress Reports and Data Collection (RH 10100)

Funded projects are required to participate in data collection and to submit progress reports required by the program. Projects are required to keep accurate records to document the information reported in the progress reports. The records must be kept by the project for a period of three years. During site/monitoring visits, OES will review these records for accuracy and compare them with the reported data submitted on the progress reports.

4. Monthly/Quarterly Report of Expenditures and Request for Funds (OES 201) (RH 6300)

Community-based organizations shall submit a monthly Report of Expenditures and Request for Funds (OES 201) unless they request a quarterly reporting period. Government and education agencies receiving funds will be required to report on a quarterly basis. This form is due within 30 calendar days of the end of the reporting period and must be submitted whether or not the project has incurred expenses. Delays in submitting the form OES 201 will result in the withholding of funds and may result in the recommendation to OES' Executive Director for termination of the grant award.

5. Technical Assistance/Site Visits (RH 10300)

Funding projects are assigned an OES program specialist to oversee the progress of the project in achieving its goals, objectives and compliance with the Grant Award Agreement. Program specialists are available to assist the project in the successful implementation of the project and in meeting the administrative requirements of the Grant Award Agreement. New projects should expect a site visit from the assigned program specialist within the first six months of the grant period. Follow-up site visits will be conducted periodically throughout the life of the grant. Projects may request a site visit to obtain technical assistance.

6. Monitoring Requirements (RH 10400)

A monitoring visit is an onsite assessment by OES staff to determine if the project is in compliance with the terms of the program, the Grant Award Agreement, the Program Guidelines, the RFA/RFP, and the *Recipient Handbook*. Projects will be monitored on a random or as-needed basis.

7. Bonding Requirements (RH 2160)

Private community-based organizations (CBO) and American Indian organizations are required to obtain and send to OES a notarized copy of a blanket fidelity bond or equivalent insurance contract applicable to officials and employees of OES-funded projects within 60 days of the signed Grant Award Agreement. Failure to comply with this requirement may result in the withholding of grant funds or termination of the Grant Award Agreement. The beneficiary named on the bond or an endorsement must include the “State of California, Governor’s Office of Emergency Services” and include the Grant Award number for identification purposes.

The time period covered by the bond must include the effective date and time period of the grant, including extensions. The bond must be in an amount equal to 50 percent (50%) of the total grant award and may have a deductible in an amount not to exceed one percent (1%) of the bond.

A bond is not required of a recipient sponsored by units of government. CBOs sponsored by units of government may submit documentation indicating this in lieu of the bond or insurance contract, unless specifically required terms of the program or grant award conditions.

8. Audit Requirements (RH 8100)

Recipients must arrange for an independent audit of the grant award and may budget a portion of the audit costs. Instructions for budgeting funds for audit costs are outlined in the *RH* Section 2234.

9. Copyrights, Rights in Data, and Patents (RH 5300)

OES owns rights of and reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish, and use, in whole or in part, material produced by activities supported by a Grant Award Agreement. These ownership rights are detailed in the *Recipient Handbook*.

10. Source Documentation (RH 10111)

Recipients are required to maintain source documentation to support claimed expenditures and project accomplishments. Source documentation is defined as records used to validate project activities and achievements as pertaining to the objectives outlined in the Grant Award Agreement. Recipients are to retain source documentation for progress reports on a quarterly basis regardless of submission requirements. Requirements and definitions for program specific source documentation are delineated in the terms of the program. Recipients will be required to have written job descriptions on file for positions funded by OES detailing specific grant-related activities to achieve project objectives.

C. **BUDGET POLICY**

This document summarizes information on OES Budget Policy contained in the *Recipient Handbook*. Additional information may be obtained by accessing the *Recipient Handbook* at www.oes.ca.gov by selecting “*Recipient Handbook, Appendices and Forms.*”

1. **Supplanting Prohibited (RH 1313)**

Grant funds must be used to supplement existing funds for program activities and ***not replace*** funds appropriated for the same purpose. A written certification must be provided to OES indicating the grant funds will not be used to supplant existing funds. Supplanting will be the subject of application review, post-award monitoring, and audit. The rules on supplanting are found in Section 1313 of the *Recipient Handbook*.

2. **Project Income (RH 6610)**

Project income such as client fees and fees for services provided by the project (i.e., training, presentations, etc.), asset forfeitures, profits from the sale of project products, and conference proceeds as the result of a direct trade of time or products for money, must be used to offset or augment the grant unless otherwise specified in the RFA instructions. Project income cannot be used as matching funds unless otherwise specified in the RFA instructions.

3. **Contracts and Procurement (RH 3400)**

A competitive bid process is required to purchase equipment or consultant services with grant funds. Noncompetitive bid contracts are disfavored. Noncompetitive bid request approval by OES program staff is required prior to the purchase of equipment in excess of \$5,000, or to hire a specific consultant charging over \$5,000. Local units of government may use their approved procurement policy except for contracts over \$50,000, which requires prior OES approval. For organizations without a written procurement policy, a competitive bid process involves determining the specifications for the items needed and obtaining at least three bids from different vendors. Whenever a specific individual/organization name is identified in the project budget, a noncompetitive bid request will be required. OES will provide assistance in submitting a noncompetitive bid request if OES determines it is in the best interest of the project. These procedures do not apply to funds shared with participating agencies under the terms of an Operational Agreement (see Section 4500, *Recipient Handbook*).

4. **Match Policies (RH 6500)**

The RFA Instructions (Part II) may specify a cash or in-kind match. When used to augment the project, expenditures for items such as Personal Services, Operating Expenses, or Equipment are considered match if not in violation of the prohibition on supplanting. Match specified in the budget will become part of the grant award. (Specific instructions for calculating the match are provided in Sections 6550 – 6550.2 of the *Recipient Handbook*.)

5. **Travel Policies**

The following is OES' current travel policy:

a. **Selection of Travel Policy (RH 2236)**

The applicant may prepare the budget using its own travel policy or the state travel policy according to the following guidelines. Travel reimbursement will only be allowed based on actual costs.

1) **Units of Government**

Units of government may use their own written travel policy or the state policy.

2) **Community-Based Organizations (CBO)**

A community-based organization may use the state travel policy or the applicant's written policy up to the maximum rates allowed by the state travel policy.

b. **State Travel Policy (RH 2236.2)**

Use the following state travel policy for budgeting travel expenses:

1) **Out-of-State Travel**

Out-of-state travel is restricted and only allowed in exceptional situations. Requests for approval for out-of-state travel must be submitted for OES approval.

2) **Mileage**

When a privately owned vehicle is utilized on project-related business, a maximum of 48.5 cents per mile is allowed, unless a higher rate is justified. Documentation justifying a higher rate must be on file and available for audit, but should not be submitted with the application.

3) **Meals and Incidentals**

a) **Breakfast \$6.00**

Breakfast may be claimed when travel commences at or prior to 6:00 a.m. Breakfast may be claimed on the last fractional day of a trip of more than 24 hours if travel terminates at or after 8:00 a.m.

b) **Lunch \$10.00**

Lunch may not be claimed for travel less than 24 hours. Lunch may be claimed if the trip begins at or before 11:00 a.m. and may be claimed on the last fractional day of a trip of more than 24 hours if the travel terminates at or after 2:00 p.m.

c) Dinner \$18.00

Dinner may be claimed if the trip begins at or before 4:00 p.m. Dinner may be claimed when travel terminates at or after 7:00 p.m., whether on a one-day trip or on the last day of a trip of more than 24 hours.

d) Incidentals \$6.00

Incidentals may be claimed for trips of 24 hours or more.

e) Total Per Diem

Total is \$40.00 for a 24-hour period.

4) Lodging

The maximum allowed lodging rate is \$84.00, plus applicable taxes (except as noted below). Lodging receipts are required for reimbursement.

5) Special Lodging Rates

The maximum allowed lodging rate in Los Angeles and San Diego counties is \$110, plus applicable taxes. The maximum for Alameda, San Francisco, San Mateo, and Santa Clara counties is \$140, plus applicable taxes.

6) Other

Taxi, airport shuttle, etc. which exceed \$3.50 must be supported by receipt. Parking in excess of \$10.00 must be supported by receipt.

6. Participating Staff

The term “participating staff” refers to salaried employees of a participating agency assigned to work with the recipient on the implementation of project. The agreement between the recipient and the participating agency concerning participating staff must be reflected in the OA. Grant related costs associated with participating staff must be itemized in the operating expenses category of the grant budgets.

7. Consultant Services (RH 3710)

Consultant services are provided on a contractual basis by individuals or organizations not direct employees of the applicant (see *Personal Services – Salaries*). Independent contractors must not be used in lieu of employees. Independent contractors are defined as individuals or organizations meeting some or all of the following criteria:

- produce a specific product or service;
- work independently without direct supervision from the applicant;
- work on specific projects;
- provide services for a limited number of hours or period of time; and/or,
- have no agency management or oversight responsibilities directed toward the financial success or direction of the agency.

a. Rates

The maximum rate for independent contractors is \$250 per hour (excluding travel and subsistence costs). A request for compensation for over \$250 per hour requires **prior approval** and additional justification.

1) Independent Contractors Employed by State and Local Government

Compensation for independent contractors will be allowed when the unit of government can not provide services without this cost. In these cases, the rate of compensation is not to exceed the daily salary rate paid by the unit of government.

b. Expert Witness Fees (RH 3710.2)

Projects, which routinely utilize “expert witnesses” as independent contractors to conduct evaluations and provide expert testimony in the courtroom, may budget for this expense. However, the project may only be charged for costs above what the jurisdiction is required to cover. The maximum allowable rate for witness fees is \$250 per hour up to \$2,000 per day. The total amount budgeted for expert witness fees must not exceed ten percent (10%) of the project’s total budget. Requests for proposed expert witness costs must be accompanied by written justification indicating the following:

- qualifications, training, and experience of the expert(s). Include a statement regarding recognition by the court of the individual as an expert;
- specialized certification/licensure [e.g., Masters in Social Work (MSW); Licensed Clinical Social Worker (LCSW), Marriage and Family Therapist (MFT), Medical Doctor (MD)];
- rate of pay per hour, including documentation of a survey of the availability of similar consultants, the current “going rate,” and the proposed rate of pay with a cost breakdown if expert is paid according to services (e.g., mileage, waiting time, court testimony);
- proposed services to be provided (e.g., analysis of forensic evidence, psychological evaluation);
- justification for why this cost cannot be paid with county funds (attach the justification to OES A303b).

8. Facility Rental (RH 2232)

Up to \$21 per square foot annually (\$1.75 per square foot per month) is allowed for facility rental. If the rental cost for office space exceeds this rate, it must be consistent with the prevailing rate in the local area. This documentation must be on file and available for audit and should not be submitted with the application.

a. Rental Space for Training and Counseling Rooms

Rental space for training and individual and/or group counseling rooms may also be charged to the grant providing the charge is based on actual costs and not reimbursed by other source.

9. Rented or Leased Equipment (RH 2233)

An explanation and cost analysis is required when equipment rented or leased. This analysis must demonstrate it is more cost-effective to rent or lease the equipment than it is to purchase it, and must be approved by OES prior to the execution of a rental or lease agreement.

10. Indirect Costs/Administrative Overhead (RH 2220)

Indirect costs are those not readily itemized or assignable to a particular project, but necessary to the operation of the organization and the performance of the project. The costs of operating and maintaining facilities, accounting services, and administrative salaries are examples of indirect costs. Flat rates not exceeding ten percent (10%) of personnel salaries (excluding benefits and overtime) or five percent (5%) of total direct project costs (excluding equipment) may be budgeted by the applicant for indirect costs if allowable by the funding source.

11. Audits (RH 8150)

OES projects expending \$25,000 or more of OES grant awards are required to complete and audit. The project may budget for the cost of obtaining a financial audit. Allowable audit costs are as follows:

- if the total amount of the grant is less than or equal to \$150,000, the project may budget up to \$2,000 for the financial audit cost; or
- if the total amount of the grant is greater than \$150,000, the project may budget up to one and a half percent (1.5%) of the total grant for financial audit costs.

12. Equipment (RH 2300)

Equipment is defined as nonexpendable tangible personal property having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit (including tax, installation and freight).

A line item is required for each different type of equipment, but not for each specific piece of equipment (e.g., three laser jet printers should be one line item, not three).

a. Allowable Expenses

Equipment may be budgeted if it is essential to the implementation of the project and to be used solely for project activities. Grant funds may not be used to reimburse the project for equipment already purchased.

Rented or leased equipment must be budgeted as an Operating Expense. Lease-to-purchase agreements are generally not allowable. If a lease-to-purchase is requested, the project will be required to submit justification, including cost-effectiveness. Prior approval by OES is required.

Equipment purchased in whole or in part with state or federal grant funds is the property of the state or the federal government. However, under certain conditions, equipment may be transferred to the project at the end of the grant period. Satisfactory compliance with the Grant Award Agreement will be reviewed in considering the transfer of equipment.

b. Computers (RH 2340)

1) Community-Based Organization (RH 2242.1)

Community-based organization may budget up to \$25,000 in computer equipment, software, and related costs. OES will evaluate the proposed purchase on the basis of grant-related need. Prior approval by OES is required. The Recipient will be sent instructions for preparing the justification.

2) Units of Government (RH 2342.2)

Units of government may budget for computer equipment, software, and related costs. OES will evaluate the proposed purchase on the basis of grant-related need. OES must give approval prior to purchase. If federal grant funds totaling in excess of \$100,000 are used for automated data processing purchases, prior federal approval is also required. The Recipient will be sent instructions for preparing the justification.

3) Computer Purchase Justification (RH 2341)

Approval for purchases of computers and automated equipment is contingent on the applicant's ability to demonstrate cost-effective, project-related need which is best demonstrated by clearly relating each computer system or component to the grant objectives and activities. The Recipient will be sent instructions for preparing the justification.

c. Automobiles (RH 2331)

Automobiles are not allowable items unless permitted by the terms of the program. If an automobile is included in the budget, substantial justification demonstrating the grant-related need will be required before finalization of the Grant Award Agreement. The justification must describe the need for the automobile, including the size of service area, the need to provide direct service away from the office, and the reason why the agency will not allow personal automobiles usage during work hours. A cost analysis for automobile purchase as compared to other options including lease and personal automobile use and mileage, must be done and kept on file for review by OES's program staff during a site visit, monitoring visit, and/or audit.

13. Prohibited Expense Items (RH 2240)

a. Lobbying (RH 2242)

Refer to RH 2242.1 for an extensive list of prohibited activities.

b. Fundraising (RH 2243)

OES grant funds cannot be used for organized fundraising including financial campaigns, endowment drives, solicitation of gifts and bequests, or similar expenses incurred solely to raise capital or obtain contributions.

c. Real Property and Improvements (*RH 2244*)

Real property including land, land improvements, structures and their attachments, and structural improvements and alterations are not allowable expenditures unless authorized in the RFA instructions.

d. Interest (*RH 2245*)

The cost of interest payments is not an allowable expenditure unless the cost is a result of a lease/purchase agreement.

e. Food and Beverages (*RH 2246*)

The cost of food and/or beverages at grant-sponsored conferences, meetings, or office functions is not an allowable expenditure.

f. Weapons and Ammunition (*RH 2247*)

g. Membership Dues (*RH 2248*)

The cost of membership dues for the licensing or credentialing of professional personnel is not an allowable expenditure unless it is part of a governmental negotiated benefit package or is specifically authorized in the RFA instructions.

h. Professional License (*RH 2248*)

The cost of a professional license is not an allowable expenditure unless specifically authorized in the RFA instructions.

i. Annual Professional Dues or Fees (*RH 2248*)
